Dear Sir

SUBJECT: LETTER OF APPROVAL FOR TYPE-APPROVED EQUIPMENT

THIS IS TO CERTIFY that the equipment as listed in the Appendix to this letter is considered as acceptable* by the Government of Singapore for use on board Singapore registered ship, provided that the equipment:

- a. Is in good order and condition and is satisfactory in service
 - b. Is replaced when a change of equipment is required by Convention amendments or an upgrade in the required test standard
 - c. When required to be replaced shall be replaced with equipment that is appropriately type-approved to the latest standards
- 2 A copy of this letter be placed onboard the ship with the equipment.
- 3 This letter loses its validity if there are any changes or modifications made to the approved equipment.
- 4 This approval is valid* until **04-June-2015**, unless otherwise revoked.

Yours faithfully,

Tan Min Siong
Marine Surveyor
For DIRECTOR OF MARINE
MARITIME AND PORT AUTHORITY OF SINGAPORE

Clarification: this letter serves only to facilitate the acceptance of equipment for use on Singapore registered vessels and does not constitute an actual type approval certification of the equipment, of which the final acceptance (including verification, installation, testing, as may be required) shall be to the satisfaction of the attending class surveyor performing the statutory surveys and certification of the vessel.

* Equipment accepted with respect to the validity of certificates: IMO MSC.1/Circ.1221 paragraph 3 states "The Committee also agreed that the validity of the Approval Certificate itself has no influence on the operational validity of a product accepted and installed onboard a ship and that a product manufactured during the period of validity of the relevant Type Approval Certificate need not be renewed or replaced due to expiration of such Type Approval Certificate"
